

More for Members in 2020!

In 2020, **Stepping Stones** Museum for Children celebrates its 20th year of providing play-inspired learning opportunities for children and families. Members have unlimited access to the language- and literacy-rich, brain-building experiences we provide every day. As the museum embarks on this exciting new decade, Stepping Stones will offer a fantastic year of NEW multi-sensory exhibits and STEAM-infused programs for children and families. *Join now—don't miss a minute of fun!*

Your Membership Matters

Stepping Stones relies on the generosity of family and friends, like you, to help sustain operations and grow. Half of the museum's annual operating costs are supported through charitable donations. The other half is supported through earned revenues such as memberships, program fees and tickets sales. As a non-profit organization, your membership is a donation that is partially tax-deductible and fully appreciated.

"This place is amazing! Great for a wide range of ages. Science, art, reading, pretend play – all on hand. Membership is a total slam-dunk and very reasonable if you come back a few times. Beats any other children's museum we've been to."

– Nicholas H., Norwalk, CT

"As a grandmother of two boys, aged 6 and 9, I love visiting Stepping Stones! The interaction between them and all the displays is fantastic! They share and delight in all the action and activities. I can participate as much as I want or I can observe their joy. Love you Stepping Stones!"

– Linda D., Bridgeport, CT

"I really love the members-only hour on Wednesdays and Saturdays to take my son who has special needs. Having the hour with just members and not the entire public allows him to enjoy all the galleries in a way he feels safe and comfortable. I am looking forward to the new ACCESS-ability Mondays when the museum adjusts the environment to make it more approachable for individuals that need modification."

– Marcelo G., Bedford, NY

"Well-run children's museum, a wide-variety of exhibits that are educational and stimulating for young children. We bought a membership after our first visit because my children spent hours there and still wanted more. I love that the family membership is the same price no matter how many children you have – a win for big families."

– Milica A., Eastchester, NY

"I want to give this museum and particularly their amazing staff 10 stars for their creativity and enthusiasm. The staff led us through a number of activities that the kids enjoyed immensely. Check for their special events. They are wonderful!"

– Amy B., Mahwah, NJ
